

Tivoli 270 Plex

Powerful
yet elegant

ERICA

The ultimate cooler

Style, performance and design. Its elegant, stainless steel cabinet, just 24 cm wide, puts this cooler above the rest. Ideal for use in the home, executive offices and cafeterias. Optional supporting cabinet in a coordinated design.

Automatic fill

The Tivoli 270 Plex can automatically dispense ambient, cold and sparkling water. Choose up to two pre-set dispensing quantities. Select quantity by pressing the button once or twice.

Minimum maintenance

The Tivoli 270 Plex is simple to install and requires absolutely minimal attention. The exclusive Zerica design does away with the need to fill tanks, check levels and carry out periodic maintenance on recirculation pumps.

An exclusive cooling system

The Silver Turbo Clean system generates a vortex of water on the walls that prevents biofilm formation. The sealed stainless steel cooling chamber is welded together using silver, a material well known for its antibacterial properties.

New carbonation system

The patented carbonation system has double the CO₂ delivery capacity.

A multi-function microprocessor

The Tivoli 270 Plex comes with a microprocessor that controls the anti-flood protection and overflow control systems. It can also be used to activate a cleaning cycle for the dispensing nozzle.

Noiseless operation at every stage

The high-quality components used give maximum acoustic comfort at every stage of operation, including cooling and carbonation.

STANDARD ACCESSORIES

• LED control panel • microprocessor with LCD • stainless steel outer casing with glossy black methacrylate trim • professional stainless steel carbonat • automatic cleaning of dispenser spout

OPTIONAL ACCESSORIES

• CO₂ reducer • CO₂ bottle • head for filter cartridge • filter cartridge • stainless steel cabinet for filters and CO₂ bottles up to 10 k • kit for connection to a cooler bottle to be independent of mains water • kit for connection to drainage • anti-flood sensor • drainage tank full sensor

DESIGNED AND ENTIRELY MANUFACTURED IN ITALY

OPTIONAL
