

NEW for 2019

# *Piccola* ... but great in performance

Small, contemporary design with illuminated supply area.  
Practical and compact "Piccola" offers 4 different supply options.  
Perfect for home and office.

**All the water you need in a tiny space!**

# Piccola

## PICCOLA

15 litres of cold, room temperature, slightly sparkling and sparkling water

15  
lit/h

8  
lit/h

## PICCOLA HOT

15 litres of cold, room temperature, sparkling and hot water

**A LED supply button with alarms**  
for lack of water, flooding and malfunction in heater.

**Use of totally natural gas (HC) such as R600.**  
An ecological choice, with the advantage of a quieter compressor that guarantees a longer life of the entire refrigeration system and energy saving.

**Blupura Direct Chill**  
It's the direct chill hygienic technology with high capacity carbonator.

GAS  
R600

BDC

energy  
saving

**Energy saving** (mod. **HOT**)  
The **HOT** model is equipped with an Energy Saving function to reduce energy consumption during periods of non-use.

UV  
out

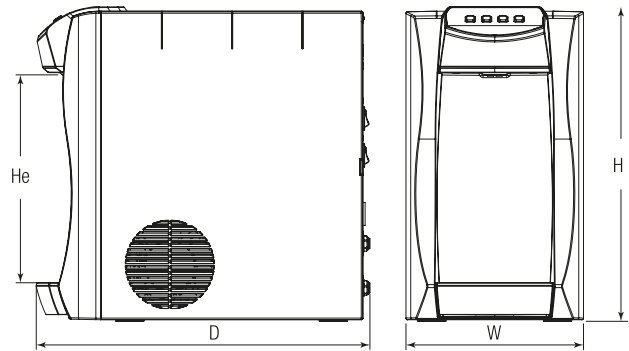

**UV OUT system** (optional)  
The UV rays of the bactericidal lamp set at the end of the supply tap sterilize and prevent bacterial proliferation.

Forced ventilation grill.

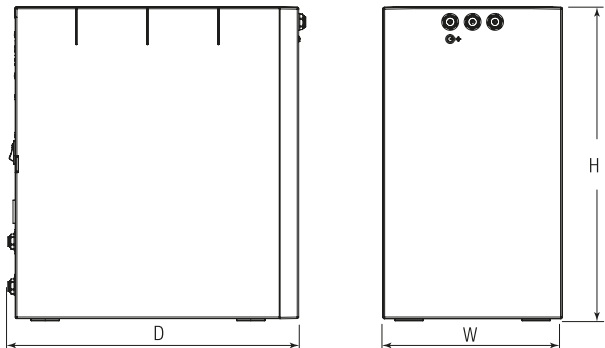

Drip tray.

Technical Data	Dimensions WxDxH (mm)	Net weight	Dispensing area	cold	ambient	fizz	medium	hot
<b>PICCOLA</b>	240x451x425	19,5 kg	280 mm	•	•	•	•	•
<b>PICCOLA HOT</b>	240x451x425	19,5 kg	280 mm	•	•	•	•	•
<b>PICCOLA BOX</b>	240x398x420	17,7 kg	-	•	•	•		

**PICCOLA BOX**, the undercounter model: an intelligent, space-saving solution with only the supply point in view, leaving you the freedom to choose the tap most suited to your environment.
